SUMMARY

Skilled Front-End Developer with high-level proficiency in React, Next.js, and JavaScript. I aim to obtain a position that allows me to utilize my knowledge and skills while pursuing a challenging career in my chosen field. A highly flexible, self-motivated, and intelligent individual with a strong work ethic, I excel at multitasking and adapting quickly to challenges and diverse teams. Committed to delivering clean, efficient code for responsive, user-friendly designs, I seek to advance my front-end expertise and grow my career in full-stack development.

WORK EXPERIENCE

Front End Developer, Octaloop Technologies, Islamabad   Sep 2024 - Present

- Developed and maintained Web3 and blockchain-based trading platforms with React and Next.js, delivering smooth and responsive user experiences.
- Integrated cryptocurrency APIs for real-time data, transaction handling, and market insights.
- Designed intuitive, user-friendly trading interfaces, enhancing navigation and functionality for seamless interaction.

React JS Developer, CosVM Labs, Kerala india (Remote)   May 2024 - Aug 2024

- Developed and maintained crypto trading interfaces similar to Binance and Bybit using React.js, ensuring a seamless user experience.
- Integrated various cryptocurrency APIs to provide real-time data, transaction processing, and market analysis within the platform.
- Designed and optimized trading layouts to enhance user interaction, ensuring intuitive navigation and efficient functionality.

Front End Developer, Geeks Hub, Abbottabad   Nov 2023 - May 2024

- Implemented responsive designs using React.js, Next.js, Gatsby, Tailwind, HTML, and CSS, ensuring compatibility across various devices and screen sizes.
- Enhanced web performance by optimizing loading times, reducing latency, and improving overall site speed using Bootstrap, Next.js, and Gatsby.
- Integrated APIs and third-party services such as Sanity and GitHub to extend functionality and improve user engagement within web applications.

Front End Developer Intern, Stem Wizards Academia, Abbottabad   Apr 2023 - Nov 2023

- Developed UI using React.js and Tailwind, creating responsive and animated designs.
- Integrated APIs and managed GitHub for version control and collaboration.
- Implemented efficient state management and optimized application performance for a smooth user experience.

Front End Developer Intern, Code Band, Abbottabad   Oct 2022 - Mar 2023

- Converted Figma designs into responsive websites using HTML, CSS, JavaScript, and Bootstrap.
- Implemented animations and interactive elements to enhance user engagement.
- Ensured cross-device compatibility by optimizing layouts and features for responsiveness.

EDUCATION

Bachelors of Information Technology   **June 2019 - July 2023**

Abbottabad University of Engineering and Technology
- Specialization in Artificial Intelligence.
- Thesis & FYP on "Bus Tracking Application" for our University.

PROJECTS

BuyCex (Crypto Exchange Website)   **https://buycex.vercel.app**

BuyCex is a publicly owned cryptocurrency exchange website. I played a team lead role in creating this masterpiece, managing a team of six frontend developers. We integrated around 45 APIs from the backend, along with authentication and payment integration.

Rebel Dogs   **https://rebeldoge.vercel.app/**

"Rebeldogs," a groundbreaking film with KOL-talking dogs representing popular coins, merges Hollywood with crypto for lasting value. Exclusive collectibles and premiere access aim to take it to the top 25 coins by 2025.

AI-SLARA   **https://ai-slara.vercel.app/**

Slara enables conversations with multiple AI personas simultaneously offering diverse perspectives and insights on a wide range of topics. Simulates real-life conversational scenarios, helping you with anything from brainstorming to audience analysis.

Solid Gym Website   **https://solid-gym.vercel.app**

A Local Gym in Abbottabad, where we redefine fitness with our cutting edge website design crafted in React. Immerse yourself in a world of dynamic animations, sleek card layouts, and seamless responsiveness. Experience the epitome of professionalism and luxury as you navigate through our site, designed to elevate your gym experience. Get ready to embark on a journey of fitness excellence with Solid Gym.

GamaKatana Solana (A Crypto Website)   **https://solanaa.vercel.app**

A crypto website focused on Solana coins. Developed using ReactJS and Tailwind CSS, this platform offers a sleek, responsive design and a seamless user experience.

Fitness Club Website   **https://fitness-club-anees.vercel.app**

A crypto website focused on Solana coins. Developed using ReactJS and Tailwind CSS, this platform offers a sleek, responsive design and a seamless user experience.

Shoppy Dashboard Website   **https://shoppy-dashboard-anees.vercel.app**

A crypto website focused on Solana coins. Developed using ReactJS and Tailwind CSS, this platform offers a sleek, responsive design and a seamless user experience.
